

## Soundpro the 'work horse' headset

Is your headset tough enough? The Soundpro headset family is! Designed and built for the roughest use, it is still comfortable, lightweight and stylish.

The robust build of the Soundpro applies to the whole family – monaural and binaural; each available in noise cancelling for the open plan office or with the brilliant chrome voice tube for the executive look.

Whatever your individual or corporate requirements, the Soundpro family meets them. Proven in contact centres, offices, and for home working - They will work for you.

For the ultimate headset protection, use a Soundpro headset with the Soundshield acoustic safety system. This addresses all health and safety requirements, provably.

- Sturdy design for greater reliability and a longer working life
- Complete headset family to meet all requirements
- Lightweight for all day usage, for call centres to home offices
- Standard 2-year warranty, with Optional 3<sup>rd</sup> year
- Ultimate acoustic protection when used with the Soundshield
